HRMBYW

Human Resources Management system

Post New Job

- Advertise a new job

Edit Job

- Edit the details of a saved job. For example;

1. Change the Job Title
2. Change the status of the job to “Closed” after the job has been filled. Once closed the job will no longer appear in job searches.

View Posted Jobs

- Displays a listing of all jobs you have posted.

View Open Jobs

- Displays a listing of all jobs you have posted that are still open or have not been filled

View Closed Jobs

- Displays a listing of all jobs you have posted that have been closed or filled.

View Open Applications

- Displays a listing of all applications that have been received and have not been filled for jobs posted by you.

View Closed Applications

- Displays a listing of all applications that have been received and filled for jobs posted by you.

Search Job Seekers

- Enables you, the recruiter, to search for job seekers registered on our website.

*The application currently searches by Industry only. Advanced searches will be added as the number of registered users increases.

Registered recruiters are urged to make requests on what specific functions they require added onto the system to enhance
